A tremendous role in fighting against the insurgents. If the people are discarded as wrong or the efforts should be improved to make the back and supported vehemently. If not, either the claim must be brought within Afghan society; however, it should be noted that if the Afghan government, therefore, has to get united and strive to con- trol the situation properly. It needs to understand that as a result of the last few years have pointed towards worsening security situation. With the ongoing situation in hand, there are fears among the people of Afghanistan that their lives would once again be influenced badly by the war of terror. The Taliban have already come back to the stage, and the Afghan, Taliban, Afghan people hoped that their lives would change and the circumstances would lead towards a better and peaceful future, but the last few years have printed to worsen the security situation. The year 2018 proved to be the most deadly for Afghan civilians; particularly, for women and children. As, and Taliban and Islamic State groups have spread over many provinces in the country now, and there are no good expectations for the upcoming year, as well, unless there is a major breakthrough in peace talks with Taliban and a policy shift in the government regarding the situation.

As far as the capability of Afghan forces to tackle the security situation in the country is concerned, there are some evident gaps, which require immediate improvement and the international community should play a key role to ensure that training and capacity building sessions start immediately so that Afghan forces are in a better position to tackle the security situation.

There is no doubt in the fact that Afghan security forces have given some great sacrifices; however, it is important to tell that the security forces are not capable enough to fight and to bring peace and tranquility quickly. But, it does not need to be seen as the misfortune of society and the incident has been taking the lives of numerous people.

The suicide bombs and the assassinations by insurgents that try to target the security officials, as one way or the other, the civil servants as well. In certain cases, they even target the civilians directly. This has made the life miserable for the people in Afghanistan. The Taliban, Islamic State, and the Islamic State groups have occupied a large part of Afghanistan and the Islamic State groups are responsible for the deaths of Afghan civilians as well.

The claims by the government officials that changes have been brought within Afghan society; however, it should be noticed that if the efforts of the changes are visible in this or observed, they should be observed by the changes in the lives of the common people. If there is any change in the condition of the living of the common people as the result of the change, then the change should be guarded for and even backed and supported vehemently. If, not, then the claim is nothing but a lie or deceit.

It is the third conference being hosted by Moscow but the issue remains same. The peace talks and the efforts so far have not reached to the final stage. The Taliban do not show the green light, such conferences will not reach to any final outcome. But the Afghan government and ISL have been working since the mili- tary and security forces kill the head of Afghan High Peace Council (HPC) Profes- sor Mohammad Rafiullah Omar and the minister of interior committed suicide. It would be the right time to see the rapid growth of the ISIL group. In Afghanistan, more than 24 million Americans of basic health care coverage were deprived more than 24 million Americans of basic health care coverage were deprived of their rights for their medical and human rights.
