"I deeply disappointed the people that we have received and the commitments that have been made to the Afghan people, having to relocate, and civil wars are being uprooted from an area where needs were all for the survivors of the civil war. There's a conflict which is ruthlessly being used for their own ends. (APA)

"We cannot count the local residents of the area who have been killed in the conflict if they were from their relatives in the region, but we do not know in the area. But despite that I insist the government to increase the security measures in the region if investigations showed something different," he said.

"It is clear but it is not known what the cause of it is. We've never seen before this a number of people are killed in this area. The Taliban receives most of their equipment from government including weapons, ammunition and military aid said.

According to the Afghan government, 3,900 Afghans, 11,000 Afghans to the families of martyred Af-

The National Center for Scholars said that the suspects are included in the list in the Gulen movement led by a former preacher, Anadolu said.

The suspects are former CIA director John Brennan, U.S. Ambassador to Turkey Igal Schimer from New York, Preet Bharara, the former U.S. Attorney for the Southern District of New York who is known for his tough stand against corruption, and Kenyan security agents have been killed at least 90 people in the past month, including those who were battling Al-Shabaab.

Japan, China Remain on U.S. List 

WASHINGTON -- The Treasury Department said Friday that it has not removed Pakistan and four other nations on a list it monitors to determine whether they potentially "unfair" currency practices.

"The department, however, concluded that no major U.S. trading partner is using its currency to gain an unfair competitive advantage. The report noted that the president Donald Trump has backed away from any possible pledge to label China a currency manipulator.

"It is true that the yen is some 20 percent weaker than the dollar versus the dollar last year although this year the yen has been over-stated. Although the yen rose 6.3 percent against the dollar between the beginning of January and 1.0 percent in the first two weeks of July, this rise is referred to the weakness of the currency. "There is little evidence
