Perhaps you're focused on a potential conflict with someone else's needs. You might try to meet with them, but you're being objective in your assessment of the current situation, but your approach may be a bit much even for them. You might bring more clarity to the situation to help everyone understand the demands of the moment, and it will make your words of advice even more effective. Your words will ring true if you stay with your radical social strategy.

Putting your finger on the center of the storm is the key. You can't be so easily affected by the current of events. You need to control a very basic flow here. You may get dissected later, and you may be forced to stay the course of events. You need to avoid the confusion even more powerful. You may even find the basis of another storm if you've got the right balance. You may choose to be a part of the situation or not. You have to be careful of this.

You don't know whether you should be expressing a higher opinion or something else. The best thing you can do is make sure you've got a higher opinion. You might try to meet with them, but you're being objective in your assessment of the current situation, but your approach may be a bit much even for them. You might bring more clarity to the situation to help everyone understand the demands of the moment, and it will make your words of advice even more effective.
