required. There are few that do not. These requirements have compelled millions of people to leave the country. Through, there has been a remarkable decrease in this regard, millions of Afghans are still on the run from thetical violence. Pakistan and Iran, European countries, Australia and America, while the majority of these are in the detention centers around the world waiting for some sort of sympathy and

As the movement of the migrants turns into a problem for the refugees and the countries from where they move, in the same way it becomes an issue for the countries to which they move. It is not always an easy task to control the movement of any government. It has to keep in connection its own people and policies and at the same time has to respect the international policies and regulations re-

The preparedness for the war, the training of the theatres of operation, the compensation of the migrants who move in, and have to deal with the issues like multiculturalism, terrorism and racism, appropriately.

Though, the problems are great in this regard, the developed nations of the world do it because of the shortage of population in any flux. Most of the European countries, America, Canada and Australia in this regard has been the main determinant as its responsibility for the migrants and asylum seekers from different countries of the world. Definitely there are plenty of diplomatic concerns for all the govern-
