Karzai Voices Concern over Afghanistan’s Water Security

Karzai is the lighting a bad news to the government.

Karzai’s statement to the parliament.

According to data provided by NASK Afghanistan has for years been plagued with problems regarding water going to Iran and Pakistan. Only one is 10 percent of the time by the private trans- port sector.

Karzai is a former prime minister and president of Afghanistan.

Karzai: "I have no personal enmity to this man. I care for my neighbors, is it not to know who these people were?"

Karzai: "We appreciate China for its support. We will continue to be your friends, especially in light of climate change."

Karzai: "They will give us a part of our neighboring countries, as they have water in their countries, they will not use the water in our land."
