**Outlook Horoscope**

**Aries** (Mar 21 - Apr 19) You may be doing your best to project an air of confidence, but it can seem overwhelming your common sense. Oddly enough, there is no one particular thing fueling your excitement; it’s the combination of so many options that brings a smile to your face at this moment in time. It doesn’t even matter whether any of your imagined scenarios come true.

**Taurus** (Apr 20 - May 20) You hate to see those who are oblivious to the money on their minds, but can’t be too judgemental when there are too many choices. You want to narrow your field of options, but don’t know where to start today. It may be helpful to visualize what your ideal situation might be in the future. Don’t worry, about the details until you can get them in later.

**Gemini** (May 21 - June 20) People might think that you are in the prime possession of a cosmic ticket to ride. The only problem with this is that you’re bound to a certain set of conditions and mind and they are in opposite directions from one another. However, the Moon’s journey into dualistic Gemini puts you in familiar territory; you are comfortable holding two opposing positions at once.

**Cancer** (June 21 - July 20) There is a lot of mental activity occurring behind your eyes now, and you won’t likely share many of your thoughts with others. People around you appear pleasant but unassuming as they are either avoiding your attention or expect you to do the same. Whether you are expressing your true nature and your outer restraint.

**Leo** (July 23 - Aug 22) You might be revving up for a night of networking and mixiing, current into yourself into the mood to celebrate with friends. However, you might be finding it a bit boring, which makes you wonder if you really want to be with lots of people now, or if this is the year to lay low.

**Virgo** (Aug 23 - Sept 22) As you move towards the prime of your career, or into a critical deadline, but there still may be more of projects at home that you would like to finish. Although your approach is very methodical, people might think that you are scat-tering your energy and wasting your time, but as long as you can make the most of your current productivity, you will feel good about the choices you make today.

**Libra** (Sept 23 - Oct 22) Libra, you might set your hopes on an encounter, but it is much easier to set your goals and expectations when there are no other options. In the final analysis you still have to live with the decisions you make.

**Scorpio** (Oct 23 - Nov 21) You are moving forward in a flurry of activity as if you’re trying to keep with your own needlessly ambitious pace. However, the tables are turned today when you find yourself in the company of people who don’t share your goals or your initial directions. It’s important for you to keep your energy up, or you will be forced to slow down.
