Outlook Horoscope

Aries (Mar. 22-Apr.20)

No matter how big your schedule is, it’s important to have some free time each day. Although the impulsive Aries Moon can try to fill your time and make you feel rushed, it’s okay to do nothing sometimes. If you find that the time is taking too much from your schedule, create a plan to achieve your dreams.

Cancer (June 21-July 20)

Your personal growth may be impeded by the need to reach for the stars in your current project. There is something lingering issue now and for all. The most effective way to overcome your current internal resistance is to get creative about using your goals. Consider making a list of dreams that are in other people’s plans that impact you, but still might be hard to get motivated now.

Leo (July 23-Aug.22)

Conflicting views in your waking life are very different today. One is told: (1) it’s okay to enjoy yourself and (2) you should aspire to higher goals. The pursuit of pleasure isn’t a wise option now. You have too much work to do and there’s no time to slack off.

Virgo (Aug. 23 - Sept. 22)

Locking in at your job today is managable. However, you might feel that this isn’t the best time for you to be (or not to be) good to yourself. If you can, let your self often take a break.

Libra (Sept. 23-Oct.22)

Your expectations may be outrageously un-realistic today. It’s time to use your dreams as a source of inspiration, but you must make sure that you can accept doing yourself a dis-service. You can still be in charge of your own control. Fortunately, you can set a positive spin on your current situation by reminding yourself that you are doing your best.

Sagittarius (Nov.23-Dec.22)

Confronting your emotional about what you are doing is a great deal of your current mood. But the day’s events require you to come to a decision. You might have a higher interest that you can direct for or against this difficult. You needn’t also get enough at this time that you can now. Your nosiness could result in some problems. You won’t have a lot of time. You won’t have your help.

Capricorn (Dec.21-Jan.20)

You’re ready to say no to anything that doesn’t suit you. It becomes especially important for you to be particularly watchful for the enterprising Aries Moon. However, you might really

Gemini (May 21-June 20)

You’re in control of your own dream world, which isn’t a bad thing. Use your imagination to express your desires. Remember, you could find yourself with unexpected responsibility for your actions. It’s tricky to determine your true self but it’s important to use your imagination to create a plan to achieve your dreams.

Taurus (Apr. 20-May 20)

Are you confident that you’re doing it or if you’re listening to your intuition? At the moment, you might be the only one who can figure out what’s really going on. Your intuition might be your best friend.

Scorpio (Oct. 24-Nov.21)

If you’re looking for a vacation but don’t have the money, you might be the only one who can figure out what’s really going on. Your intuition might be your best friend.

Aquarius (Jan.20-Feb.18)

Finding the physical distance necessary to complete your chores is challenging. Without a physical distance, your environment is getting too close, too tight.

Pieces (Feb.19-Mar.20)

If you’re trying to build a bridge to your past, you might be the only one who can figure out what’s really going on. Your intuition might be your best friend.
