KABUL - Chief Executive Officer (CEO) Abdullah Abdullah on Sunday said political stability could help fill the recently widened gap between the government and the people.

Speaking, addressing the 20th meeting of the Joint Coordination and Monitoring Board (JCMB) in Kabul, Abdullah called the absence of security one of the basic challenges facing the Afghans faced. The JCMB hoped implementation of the proposed four-year security plan would help bring stability to the country.

He said the campaign against narcotics had an impact on the country’s security and stability and the threat of drugs should not be underestimated. Abdullah said doing away with increased gap between the government and the people needed political stability in the country. He said the country.

Dr. Abdullah
Political Stability can Narrow Govt-People Gap
