KABUL - Flash floods could jeopardize all that you have gained. Maintain discipline to the site. 

Yesterday's Solution

You may still be harboring fantasies about your current plight. Talking about your concerns is not the quickest route to happiness; you must take direct action now.

Sagittarius (Nov.22-Dec.21)

There are many paths in front of you at this time. You cannot choose one and stick with it. Unfortunately, you may be carryng on with the wrong path and pushing through your own resistance is only going to make matters worse. You have been under pressure to make an overdue decision. But you believe you can’t understand your current plight. You must take direct action now.

Capricorn (Dec.21-Jan.19)

Although you are sitting on the fence of injustice, you are free to make a big decision today. Libras are known for vacillating at times because they are usually conditioned by temporary extremes and finding common ground. However, you see the situation in front of you as a 50-50 proposition. There is no reason to rush the process; it’s your own psychological pressure that creates this false sense of urgency.

Aquarius (Jan 20-Feb.18)

You may be recycling the same thoughts and larger issues and there’s no way to avoid them. It’s time to face your real world. Even if you’re having a tough time, you know your friends are just making matters worse by distracting you from the current dynamics. However, you may think that now is not the right time to move forward.

Pisces (Feb.19-Mar.20)

You may feel as if you didn't make any progress yesterday, but thankfully, you can get to make up for lost time today. There's no reason to rush the process; it’s your own psychological pressure that creates this false sense of urgency.

Cancer (June 21-July 20)

You may be reading too much into the tone of your current promises when you truly believe you're worth paying. Avoid the temptation to dig your way to the bottom, if necessary. There's no reason to pressure yourself into acting quickly.

Gemini (May 21-June 20)

You have plenty of responsibilities on your plate now and may be feeling nervous if you are behind in delivering on your promises. As a result, you are feeling a good deal of pressure to complete tasks today. However, you don’t believe you can’t understand your current plight. You can Certainly get over your worries and begin focusing on your efforts where they will have the greatest impact.

Virgo (Aug.23-Sep 22)

You're working extra hard today in order to make up for lost time yesterday. Nevertheless, it’s nearly impossible to completely rewrite your current reality and move on with your day. However, you cannot afford to drift off into space if you want to make any headway today.

Aries (Mar.21-Apr.20)

You're willing to work extra hard today in order to make up for lost time yesterday. Nevertheless, it’s nearly impossible to completely rewrite your current reality and move on with your day.
