KABUL - The Ministry of Public Health (MoPH) observed World No Tobacco Day on Sunday aiming an initiative to curtail the illegal tobacco trade and decrease the overall level of use in Afghanistan. According to ministry officials, the proliferation of smuggled tobacco products is in part due to the fact the black block drug is cheaper and prevalent than legal tobacco. They expressed particular concern about the increase of underage kids using cigarettes.

Among several statements, the ministry also added that: "Death to Pakistan," "scari deal with Pakistan," "Death of Pakistan," "Anti Taliban returns," and "Pakistan is our enemy." Speaking on behalf of the National Security Director Taimor Shah Bashar said Pakistan and Afghanistan are sovereign states and Pakistan should not step on the flag and sovereignty of Afghanistan.

The memorandum of understanding between the National Security Directorate and the Pakistan spy agencies has been widely criticized by lawmakers, civil society groups and politicians, for failing to portray its role.

"There were no signs of their protest until their demands were met," one of the protesters said. The latter comes as both Pakistan and the Afghan government have stressed the need for troop reduction in Afghanistan for a meaningful dialogue with the Taliban. The talks have so far failed to make any progress.

The National Security Directorate (NSD) and the Pakistan Intelligence Bureau (ISI) have been involved in a deal to arrest former president Hamid Karzai and other officials who were critical of Pakistan's involvement in Afghanistan's affairs. The deal was reportedly agreed upon by the Afghan government to arrest Pakistan officials, including Taimor Shah Bashar, who was previously the director of the National Security Directorate (NSD) and the Pakistan spy agency ISI.

"There was no communication with the Pakistan government," one of the protesters said.

A deal with Pakistan was a "serious threat to the security of the Afghan government," according to one of the protesters.

The Afghan government has so far failed to address the demands of the protesters, who have been demanding justice for the death of a local official who was killed during a protest against Pakistan's involvement in Afghanistan.
