(1) Lack of Spending

The report says that the security sector assistance to Afghanistan lacks an adequate focus on the end goal to guide its efforts. Critical aspects of the ad
dvances of the military and police role in the Afghan security sector are not
directly addressed, and the report notes that the Afghan government has failed
to fully implement the security reform plan. The report also states that the
Afghan government has not adequately addressed the challenges of the security
teams in Afghanistan. The report recommends that the Afghan government
should do marketing for the country's security sector and the region
