You understand exactly what you need to do, whether or not you have your current plan of action or your current attitude to the situation. You may be able to get rid of a long-standing problem, or find the key to a puzzle, or the right advice and directly shifting your trajectory. Nevertheless, you’ll only achieve this if you’re willing to play in the field of dreams.

You might not logically long for the good old days of last week. Your current fresh chances and opportunities are bearing fruit on the social front. Whether your colleagues and friends have any idea that a relationship is an unexpected turn, your emotions are now the key to your subjective decision. You may be thrilled with all the possibilities but you’re not pleased with your apparent loss of control.
