Ghani. Sheikh Mohamed Confer on Regional Stability
President has commended support from the United Arab Emirates (UAE) to the Afghan people through various development programmes in the war-torn country. At their meeting in Dubai, Ghani and UAE Crown Prince Sheikh Mohamed bin Zayed Al Nahyan agreed on strengthening bilateral relations and regional issues of common interest. They vowed efforts to boost bilateral cooperation on issues of common interest. They also promised contributing to development and stability in the region. According to WAM news agency, the two sides stressed the importance of reactivating international efforts to achieve peace and security and consolidate the value of tolerance. (More on P4)

Power Transmission Line Damaged in Baghlan
PUL-I-KHUMRI - A power transmission line from Uzbekistan to Kabul and other provinces was damaged during a clash in northern Balkh province, an official said on Monday.
Da Afghanistan Breshna Shirkat (DABS) Director Sultan Ahmad Aziz told Pajhwok Afghan News the incident took place in the Dandkhil area of Pul-i-Khumri on Sunday night.
The transmission line, which supplies 130MW of electricity from Uzbekistan to Kabul and some other provinces, was cut due to the clash between Taliban and security forces, he added. He said a technical team was ready to go to the controlled area but security forces should pave the way for them to fix the cable.
Police spokesman Javed Basharat said the power transmission line had been cut in Wazghari village. Security forces have arrived in the area and the line would be fixed by the end of the day. A resident of the area, speaking on condition of anonymity, said a power ... (More on P4)
