Quaid-i-Azam Muhammad Ali Jinnah, you:

Today we are at a critical phase of our history where we are waging a struggle of the Muslim culminated in creation of an independent Muslim state on 23rd August 1947.
The creation of Pakistan enabled the Muslims secure their rights, religious free- dom and socio-economic opportunities which were being denied to them by the Hindu majority who also threatened their cultural identity. The Resolution passed on 23rd March was aimed at creation of a state where the citizens could enjoy equal opportunities irrespective of caste and creed and where they could play their due role in the progress of the country.
The Pakistan of today is a New Pakistan. We are endeavoring to make the country a true Islamic Welfare State. We are committed to establishing a society which is based on compassion and justice and where every person can contrib- ute towards socio-economic development to the best of his ability. We desire friendly and peaceful relations with all our neighbors, based on the principle of equality. We want countries of the region to join hands for eliminat- ing poverty and help their people achieve socio-economic prosperity. We want to make it clear that our desire for peace should not be treated as a weakness. Pakistan reserves the right to take every step for its defence. By the grace of Al- lâh Almighty our defence is impregnable. We are proud of our gallant armed forces. The courages of our armed forces, the capability of our national security institutions and their countless sacrifices have foiled nefarious designs of the enemies of Pakistan. The entire world witnessed it during the recent Indian ag- gression and we emerged from the situation even stronger than before.
We are united and let us have faith and remain united and let us commit to work hard with discipline to make Paki- stan strong and prosperous. May Allah’s blessings be with us all.

My dear fellow citizens, It was a matter of great pleasure and honour for me to be addressing you on the occasion of 79th National Day. It was on this historic day that Muslims of subcontinent under unparal- leled leadership of Quaid-e-Azam Mohammad Ali Jinnah adopted the famous Pakistan Resolution at Lahore on 23rd March 1940, giving a clarion call for a separate state as envisioned by the Poet of East-Allama Iqbal. This momentous event in the history of In- dia was well captured by late Stanley Wolpert, the famous autobiographer of the Quaid, who wrote in ‘Jinnah of Pakistan’ that “few individuals sig- nificantly alter the course of history; fewer still modify the map of the world; hardly anyone can be credited with creating a nation-state-Mohammad Ali Jinnah did all three.”

My dear countrymen we proudly reminisce the historic creation of our beloved country to inspire ourselves and our future generations to courageously face the current challenges and to intelligently turn these challenges into op- portunities. We live today in an ever-changing global village drinking fur- ther with revolutionary changes witnessed in the social media which makes it incumbent on all of us to verify the facts and confirm information from differ- ent sources before letting it become a part of our opinion which most impor- tantly may affect our national ethos. Pakistan is a peace loving, democratic, progressive, and liberal Islamic country in which the minorities’ rights are fully respected and protected and women stand shoulder to shoulder with men in all walks of life. Pakistan’s foreign policy is based on developing harmonious relations in the region and internationally and to resolve all disputes peacefully. The recent events of last month have shown to the entire world that Pakistan would ex- ercise restraint even when defending against any military attack but would resolutely defend its sovereignty. Pakistan under the astute and dynamic leadership of the Prime Minister Imran Khan, the country is moving forward to be a leading welfare state among the comity of nations. Towards this end, the government has put in place several policies, which will usher in a new era of development, prosperity and stability not only in Pakistan but would have a salutary impact on the prosperity, stability and security of the region. We all must assist the Prime Minister in this noble objective as admonished by the Quaid in these golden words that “Come forward as servants of Islam, organize the people economically, socially, educationally and politically and I am sure that you will be a power that will be accepted by everybody.”
I wish you all a very happy and blessed National Day. May Allah bless our country with happiness and remove all afflictions from our beloved home- land. Ameen.
