At full, the Shanghai Cooperation Organization Summit will be held on 20 June in Qingdao. Leaders of the SCO members and states observers, including Afghanistan, will be present to discuss the current situation in Afghanistan and the future development path of the organization. This summit is significant for Afghanistan and China holds this year. It is not only the "opening ceremony" of SCO, but also the first meeting of the new Chinese President Xi Jinping’s full membership. Thus, the summit has a great significance of inheriting the past and exploring the future.

The current security situation in Asia is generally stable, but most countries are facing the threats of terrorism, extremism, separatism, drug smuggling, and transnational organized crimes. The main factors that have led to the rise of terrorism and extremism are the political upheaval of the world, the economic decline, the security situation, and the military conflicts. The fact that Afghanistan is closely connected with the policies of its neighbors and major powers, as well as the international community's contribution to the Afghanistan war, means that the Afghan government and candidates of Wolsi Jirga and District Councils addressed it in a rigorous and scientific manner.

In this regard, the Organizing Committee of the 2020 election is a great success and has witnessed many achievements, which are good areas for candidates to pose themselves. Those candidates should be supported that deserve such valuable reputation; otherwise, we will have the same scandalous parliamentary elections.

Based on the current election law, any Afghan citizen who is 25 or over can register. Therefore, the Organizing Committee of the 2020 election is a great success and has witnessed many achievements. It is a good area for candidates to pose themselves. Those candidates should be supported that deserve such valuable reputation; otherwise, we will have the same scandalous parliamentary elections.
