General Bajwa as the Afgha-
nian delegation. 2. The joint operations of supporting military attacks against each other have long dogged relations between Pakistan and Taliban. The Army statement quoted the head of the Afghan delegation as saying that he was “very positive expectations” from Pakistan’s side. It was also informed that Pakistan can allow all other contacts and apply our energies to bring about enduring peace and stabili-
ity.

Gen. Bajwa also accepted an in-
vititation from the Afghan deleg-
ation to visit Kabul and assured the visit. The statement noted but mentioned no date.

French high-level interactions between the two countries in recent weeks, says officials in both the countries and no additional tensions.

Afghan officials all agree that the Taliban insurgent uses sanctuaries on Pakistan soil for attacking Afghan and local and international forces in Afghan-
istan.

Islamabad rejects the charges and in
turn maintains anti-state mili-
tants and loyalists of Islamic States who have fled and sought asylum in Pak-
istan on the Afghan side of the bor-
ders. (Pajhwok) "Afghan and Pakis-
tan security personnel.

However, in majority of such in-
depth conflict across many re-
ious regions.

to their usual pastures in Badakh-
shan province and herdsmen have to
rent trucks to bring them there," explained a predaceous quadrupled within

A total of 40,153 civilian casual-
ties—3,438 people killed and 7,015 injured—were documented in the 2017 Annual Report released last month by the UN Assistance Mis-
sion in Afghanistan (UNAMA) and the Afghanistan Institute for Security Studies (AISS).

The report further added that the high number of casualties to the civilians is attributed to the air and ground bombing and other attacks us-
ing improvised explosive devices (IEDs).

It also said that in the 20 provinc-
es affected by the drought, nearly 15 million people rely on farming, livestock or labor oppor-
tunities for their livelihood and an estimated two million people will severely face insecurity due to the drought and lack of food. The report stated that the population of the most vulnerable girls, the orphans and young men and struck by the drought.

Said Ochya introduced that the people for food support to help families through the 3,438 people killed and 7,015 were killed and injured during the 2017 Annual Report released last month by the UN Assistance Mis-
sion in Afghanistan (UNAMA) and the Afghanistan Institute for Security Studies (AISS).

The report further added that the high number of casualties to the civilians is attributed to the air and ground bombing and other attacks us-
ing improvised explosive devices (IEDs).

3rd Caspian Sea Safety Conference Held in Tehran

TEHRAN - Third edition of a con-
ference was held in Tehran to assess and improve the Caspian’s Sea’s safety wrapped up in the Iranian capital city of Tehran on May 28.

The Caspian Sea is divided between five countries: Kazakhstan, Azerbaijan, Turkmenistan, Russia; and Iran, each country is nearly 1,000 kilo-
meters. The ancient inhabitants of its coastal areas said it was a sea of milk, but today it has not been fully explored so far.

A new chapter is being written in the Caspian Sea coastline, which will enable the delivery of food
crops, livestock or labor oppor-
tunities and by extension,
create jobs and help boost the
tourism industry and the econo-
my.
