The government had carried out some construction nearby, but the villagers were unhappy about the destruction of their houses. They said they were not being provided with adequate compensation for their homes.

He said that the news of the building would be released in the coming days. He also said that the building was being constructed to provide relief to the people affected by the natural disaster.

The building is expected to be completed by the end of the year and will be used as a temporary shelter for the people affected by the disaster.
