Outlook Horoscope

Libra (Sep 23-Oct 22)

You may have to share your power and convey your emotions in a way that will convey more power than you actually in- tend. Others can tell that you are pushing too hard. This can lead to an emotional overload that may result in a loss of control in one of the people you are trying to influence.

Capricorn (Dec 21-Jan 19)

You are often the person that everyone else counts on for advice, but you are finding that you are setting the future through a wise eye. This may be about something that you are worth pursuing. Everyone can see your great escape some day when you are not relying on you. While others may grow off the potential problems in a plan now.

Aquarius (Jan 20-Feb 18)

You may have to pour even more of your time on getting your point across clearly today. Unfortunately, your inten- tions could become lost in your valiant at- tempts to convey just the right emotion. Spreading too much on the little things now can actually detract from your meaning. After a certain point, others will just tune you out.

 Pisces (Feb 19-Mar 20)
