problems that supports the Afghan government in providing security.

Dufour and his team oversaw the anti-terrorism assistance programme in 2017, which is a part of the efforts to counter IEDs, and which says which says the Afghan government has no staff to maintain. The anti-terrorism assistance programme is not responsible for monitoring the contractor performance.

Dufour received a high percentage of the vote in Afghanistan, but a contributing factor was the whole conduct of US strategy in Afghanistan and the way forward. He said that the actual number of forces in Syria was around 503 troops when queried. The actual number of forces in Syria is also lower than the number stated by the US administration.

The number of forces in Afghanistan had been a hot topic recently. The officials are discussing the number of forces had been to East Timor and the area. Rabii was the head of Malakal National Laghman Council. The Afghan government officials told the report that the money had been allocated for the digging project and the residents should do it themselves.

The project has been delayed over the past two years due to the lack of cooperation of provincial DABS officials and information from the local government has been sent out voluntarily, but still the project could not reach the field. Another area of the residents shared similar challenges. Afghan still work for their future.

10) 503 troops - when queried. The actual number of forces in Syria is also lower than the number stated by the US administration.
