Moderate Approach Should Be Valued

H uman beings, in their quest to understand the world and dif-
ferent phenomena in it, have gained knowledge and developed
ideologies. These ideologies have, without any doubt, assisted
us in understanding the challenges to a certain extent and similarly provided an understanding of the happenings, incidents
and changes. Nevertheless, these ideologies, on certain occasions, have also led to conflicts and wars. Some consider the difference in ideologies among different nations and groups of people as necessary, as they see it as the factor which ultimately defines the identity of the social and political groups and the development of different cultures and tra-
ditions. Others even claim that it is the ignorance and arrogance of people that have contributed as they are being very unjust while
considering the differences...
