Asia were imported from China. Goods and products of China that were es-
pecially popular included silk, paper, and porcelain. Goods that travelled via the Silk Road included silk, china, paper, and various articles of commerce that played a pivotal role in the economy of the world. Commercial exchange through the Silk Road was as diverse as the trade of goods. One of the factors that made the Silk Road a significant route was the involvement of construction of land, air, mar-
a, and railways infrastructures, as well as the development of a universal plan is fully supported by the government. Based on official agreements signed between the two governments in the framework of cooperation, China is proposing to develop specific urbanization and industrialization plans to support the construction of a major railway line between Pakistan and China. The proposal for the construction of a railway line between Pakistan and China was also presented to the Pakistan government by Chinese officials, who also expressed their willingness to invest in the construction of the railway line.

3) Kapisa Residents: Rahmatullah, a shop owner in the city of Kapisa, said: "The situation is not good. People are killed near their homes. So how can they think they are safe?" A local resident said: "The situation is not good. We hear many firings during nights, even after that people are killed." Another resident said: "Abdul Wahid a Kapisa resident. The Kapisa Provincial Council said that the region is not safe due to internal and external security forces.

Taliban and other militants have been active in the region, and local residents have been killed in the past.
